

Mennonite Spiritual Directors List

**Compiled by
Mennonite Church USA Executive Leadership**

September 2009

Mennonite Spiritual Directors List is a directory of Mennonites in the United States (including two internationals) who are qualified and available to offer the ministry of spiritual direction. Fundamentally a ministry of prayer, spiritual direction is a one-with-one relationship in which directors accompany others on their journey to mature faith in Christ.

Compiled by Mennonite Church USA Executive Leadership, the directory includes names of persons who have been recommended by area conference, district and denominational leaders. Each individual has provided information regarding training and availability. In addition, a letter of reference has been supplied by their congregation or area conference indicating they are in good standing with their congregation. These persons have also committed themselves to the ethical standards of Spiritual Directors International. *Guidelines for Ethical Conduct* can be purchased for \$1.75 from SDI, PO Box 3584, Bellevue, WA 98009 or web: <https://secure.sdiworld.org/store/agora.cgi?xm=on&product=Ethics>.

Although Mennonite Church USA Executive Leadership does not officially endorse these persons, we trust the congregations and conferences which have submitted these names. Further information about these persons may be obtained from the schools where they have received training.

Individuals seeking spiritual direction may write or call persons on the list for further information. A geographic index by state is included at the end for locating directors. Ordinarily those seeking spiritual direction will request an initial exploratory conversation with the director to discuss their interest and also to learn how the director functions. After that conversation, a decision can be made regarding future meetings. Suitable financial reimbursement should also be arranged.

In addition to offering spiritual direction, many of the persons in this directory are also willing to lead spiritual retreats for small groups, congregations, or area conference leaders. In this directory you will find general information regarding types of retreats offered. You are encouraged to contact these persons for further conversation.

We pray that this directory will further support spiritual growth toward maturity among many followers of Jesus Christ.

Marlene Kropf, Denominational Minister
Mennonite Church USA Executive Leadership
