building partnerships to transform
violence and oppression

February 9, 2022

Dear Glen:

We have received your letter sharing with us MCUSA's decision to withdraw from its formal sponsorship with CPT. We do understand the need for MCUSA to stay in alignment with its vision and mission; we appreciate your honesty and your willingness to continue supporting CPT in various other capacities.

Thank you for your affirmation and encouragement as we are moving in a new direction and starting a new journey.

CPT will always honor its Anabaptist roots while making sure everyone feels welcome in our spaces. We are grateful for the continuing partnership that has nurtured so many people in the organization. CPT is committed to cultivating our relationship with all congregations and, of course, with MCUSA individual members.

In peace and solidarity,

Muriel Schmid, Administrative Director

Milena Rincón, Program Director
